

KEY CLUB®

Governor's Project Description

Governor Kevin Meeks – 7688 East County Road 120 – Wetumka, Oklahoma 74883

R.E.A.D.

Reach, Educate, and Donate

Hello, T-O District Key Clubbers!

Each year the District Governor picks a project for the District to focus on throughout the year. This year I have come up with R.E.A.D., which stands for Reach, Educate, and Donate; because through this project, I'm asking TO District Key Clubbers to **R**each out to illiterate children, **E**ducate them on reading and writing skills, **A**nd to **D**onate their time and effort to cure child illiteracy.

My goal for this project is to Key Clubbers in the fight against child illiteracy in their own communities! I would also like to see **30** clubs receive the Governor's Project Patch.

Places where you can help could be at your Public or School Library's, Day Cares, or Elementary Schools. How could be to read to kids, donate books and school supplies, or volunteer to tutor children.

How your club can receive the patch is to have 2 service hours per member per club. What about the items donated? 5 donated items will count as 1 service hour.

If you have any questions, just shoot me an e-mail!

In Service,

Kevin Meeks
District Governor
