## Tips

- Make agendas for both board and regular meetings
- The agendas can be a page if you want just make sure it stands out
- Make information presentable and fashionable
- The more information you add the better, but don't add so much detail the members won't read it
- Make copies and hand it out for members to keep and look back on
- Keep a standard format for all agendas so you don't have to make them from scratch
- Use the agendas to help you fill out the minutes
